

Using today's technology to automate the placement process.

DAL'S AutoPlace Program

What is AutoPlace?

DAL will work with your existing software so that with a click of a button, you can automatically place an account for collection. To complete the process, we can even update your system with our notes and financials for easy access to third-party data.

Advantages to Using DAL's AutoPlace

- Saves time in filing out forms and gathering data needed to place accounts for collection.
- Shortens the time to place accounts with a quick and easy placement process.
- Increases the collectability of accounts by placing accounts without any delays.
- Provides seamless financial accuracy and full validation of the debt to immediately process accounts.
- Agency reports can be retrieved directly from your system.

Customization that meets YOUR NEEDS

- DAL's AutoPlace can be customized to suit your needs.
- DAL's AutoPlace can interface directly and automatically with your existing collection process.

RESULT ~

A debt collection process that will promptly recover your assets- and increase your bottom line!
